

Hi!

There has been a lot happening lately so I'll try to briefly summarize what we've been doing so that this e-mail doesn't turn into a three volume novel.

This weekend we finally had our Christmas Puppet Show Extravaganza (my title). The presents from Samaritan's Purse finally came and so our church banded together and put on two shows for about 170 kids. We invited kids from needy families in Kagarlyk and the surrounding county as well as kids from orphanages. We had wanted to be able to invite around 500 kids but Samaritan's Purse was only able to give us 200 presents so we had to scale everything back. Even so, it was the largest single event that our church has put on and all the kids who came as well as many parents heard the gospel and were blessed with a special shoe box full of presents. It was really encouraging to see our church working together as everyone did their part to make the event go smoothly. Please join us in prayer for all the kids who came that God would save them and their families. To see pictures check out our blog: <http://www.footesinukraine.blogspot.com>

Danny has been teaching a men's bible study on Sunday nights. The bible studies have been lessons on manliness from the life of king David. We are praying that the men in our church would grow to be godly men and be examples to the church and our city of godliness.

We both have been more involved in the worship team as one of our guitar players recently moved to Kiev to go to college full time. Our worship team is growing in their musical abilities as well as spiritual understanding of worship.

Last week Wayne's biodiesel venture signed a contract with McDonalds to purchase waste oil. They got the first shipment of oil this week and have been processing it. Wayne has been praying about this for three years now and God finally opened the doors for it to happen. This means that they will have a constant supply of oil to make into biodiesel to sell, which was the next thing needed for this venture to become viable. Please pray that God would continue to lead and provide for this venture and also that He would protect from governmental corruption that threatens to shut everything down at every step. (check out Wayne's blog for more info: <http://wayne.calvarychapelkaharlyk.org> )

We are planning our trip to America and we will be in the Yuba City area for the month of May and on the central coast for the month of June. Our trip will be longer than usual because we need to renew our passports and apply for new visas to Ukraine. We'll write the dates of when we will be speaking at churches once we have the dates finalized.

Thank you for your prayers,

Daniel and Annaliese Foote
